Good afternoon, guys:

I am going to be out in DC in a couple weeks and wanted to see if you'll be around and interested in meeting to get a preview of my new HAPTIC app? We've made some great progress over the past month since we last spoke!

I am scheduling a few meetings at the Planar showroom and invite you to come over there and/or we could find a time to meet over at your office too. Let me know what you think.

For full transparency, my goal is to find a partner who is willing to invest in my team and our product and, in return, receive special licensing terms/conditions that allows them to make 2x return on their investment + a period of exclusivity in the federal space. Would love for you guys to be that partner and I hope we can find time to get together that week. If you'd like to talk beforehand, just let me know.

thanks,  
Brandon

Hi Rob and Jeff:

I just wanted to follow-up with you on my email below. I could meet at your office late afternoon on the 15th or host you at the Planar facility early afternoon on the 16th - or maybe a working lunch? Let me know if you're interested in getting together.

Thanks,  
Brandon

Brandon,

We are down in Norfolk, VA all week. If you can meet us there or get to Fredericksburg we can pick you up and bring you to the Joint Staff lab.

Let me know -

**Jeff Mase**

Hey - good morning!

Sorry for my slow reply - I have been trying to figure out how I can make time to get down to meet with you guys. I can be in Fredricksburg or Norfolk (or anywhere in between) by 9am on Wednesday morning... but I will need to be back on the road by noon. Let me know if that works on your end. If not, no worries... we can do another Zoom call in the near future when you're able.

thanks,  
Brandon

Good morning, Jeff:

Let me know what you think about meeting on Wednesday morning at the Joint Staff Lab? I can get down there earlier, if necessary.

Thanks,  
Brandon

Hi Jeff:

Just wanted to follow-up on our call yesterday. Can you send me the address where you want to meet tomorrow at 9am? Will my drivers license be sufficient for ID?

Thanks,  
Brandon
